

BEER TASTING

We are delighted to offer private hire and events at Purecraft Bar & Kitchen and pride ourselves on tailoring to individual needs.

Beer is our passion and we love trying different beer and exploring how they match with beautiful food. Our tasting sessions are available for parties ranging from 6 people and up to 30.

Our 2 packages will take you through different styles of beer, introduce you to hops, malts and yeast. We'll show you round our theatre of beer (also known as the cellar)

But most importantly we'll drink some bloody good beer!

Introduction to beer, £25 per person - 6 different beers and a tasting board of food samples

Premium package, £30 per person - 8 different beers, including some limited edition and specialist beers and a tasting board of food samples
